Summary

My career objective is to join the education team with a respected and reliable company where I can make an immediate and valuable contribution. I have a strong background in cosmetology and am extremely passionate about the hair industry and educating others. I would love to join the Goldwell team while continuing to grow as an artist. I work well with others and always bring a positive attitude to the workplace. If hired, I will be sure to meet the high standards that Goldwell expects of their educators.

Education

Paul Mitchell the School Houston - October 2014

License

Paul Mitchell prepared me to work in a salon setting. While there, I stood out in the Phase II program and on the Design Team which included one of a kind events such as doing bridal hair for a David Tuturo fashion show. Paul Mitchell provided foundation knowledge on coloring, cutting, and styling.

Certificates

Employment History

*The Upper Hand Salon
Hairstylist - June 2017*

The Upper Hand Salon is a Titanium Goldwell salon that provides me with an abundance of ongoing education and creative opportunities. Each year the salon provides a Color Zoom bootcamp where I work with Goldwell platform artists to perfect my ideas for my entry. I keep very busy behind the chair. I provide a full spectrum of services including precision cutting, color, extensions, smoothing treatments, and updos. In addition to the servicing my clientele, I have developed the apprentice education program within the salon and provide the apprentices with weekly color classes.

*Emmanuel Salon
Apprentice, Stylist - October 2015*

Emmanuel Salon helped me gain entrance into the hair industry. I participated in many Oribe, V76, and R&Co product knowledge classes. Advance TIGI color classes, Beth Minardi color class, Joel Torres cutting class, and many more inspirational events were also provided. After working with their senior stylists I became confident and prepared to build a solid clientele. In addition, I developed an expertise in photoshoot styling.
